## JAP FORCES ADVANCE

RIGHT COLUMN OF FIELD MARSHAL OYAMA'S ARMY MOVING NORTHEAST.

## ONE TORPEDO BOAT MISSING

FAILS TO RETURN AFTER THE ATTACK ON RUSSIAN BATTLESHIP SEVASTOPOL.

Mukden, Dec. 16.—The Japanese column of General Oyama's right, which General Rennenkampf recently drove back to the Taitse river, is again reported to be moving north east and strongly holding the Siao-dag-Sianchan region, 5,000 men, with eight guns, being at Sianchan and 10,000 men, with eight guns, at Siamatze. The Japanese are also holding Sian-tziatze and Bencbu with a small force. They occupy Siao-yu, on the south bank of the Taitse river, and they are guarding the bridge, which is no longer of any importance owing to the freezing of the river. The extreme cold keeps things quiet along the front. The distribution of warm clothing to the troops is practically finished.

## JAP TORPEDO BOAT MISSING.

Fails to Return After Attack on Battleship Sevastopol.

London, Dec. 16.—A dispatch to the Japanese legation from Tokyo says: "The commander of the Third squadron reports that the battleship Sevastopol's bow, which had previously sunk three feet, had further sunk during the morning and at 9 a. m. her torpedo tube was completely submerged. "One of the torpedo boats which attacked the Sevastopol has been missing for nearly twenty-four hours. "Six torpedo boats have attacked the Sevastopol, the Otavashi and another ship. Details have not yet been received."

## Russian Warships Sail.

Jibutii, French Somaliland, Dec. 16.—The vessels of the Russian Second Pacific squadron which have been coaling here, have sailed.

## FOR TWO MORE STATES.

Senate Committee Authorizes Favorable Report on Bill.

Washington, Dec. 16.—The senate committee on territories by a vote of 6 to 4, Thursday authorized a favorable report on the statehood bill providing for the admission into the Union of Oklahoma and Indian Territory to become the state of Oklahoma, and of Arizona and New Mexico to become the state of Arizona. The bill is the one originating in the house in the second session of the Fifty-eighth congress, but has been amended materially by the senate committee. The closeness of the vote practically makes it certain that there will be a minority report. Senator Beveridge, chairman of the committee having the bill in charge, will submit the majority report Friday. The opponents of the bill will contest its passage on the floor of the senate. The statehood bill will be the unfinished business of the senate after a vote is had Friday on the Philippine bill.

The most important change made in the house bill is the insertion of a clause prohibiting traffic in liquor for a period of ten years in that part of the proposed state of Oklahoma now known as Indian Territory, and the elimination from the house bill of all provisions with reference to suffrage except the following:

That said state shall never enact any law restricting or abridging the right of suffrage on account of race, color, or previous condition of servitude.

## RESULT OF POLITICAL ACTIVITY.

Two Rural Mail Carriers Dismissed From the Service.

Washington, Dec. 16.—As the result of an investigation of their activity during the recent political campaign, Warren F. Tumber, a rural mail carrier at Lockport, N. Y., and H. W. Aldrich, a rural carrier of Concord, N. H., both officials of the National Association of Rural Free Delivery Carriers, Thursday were removed forthwith from the government service by Postmaster General Wynne. Tumber is secretary of the national association of the carriers and he and Aldrich are members of its executive board. The charges, the investigation of which by postoffice inspectors resulted in Thursday's action, were that the dismissed men sent out circular letters during the last campaign to candidates for congress urging legislation in the interest of the carriers and demanding that the men to whom the letters were addressed pledge themselves to vote for such legislation.

President Cunningham, who was dismissed Tuesday and Secretary Tumber, according to the postal authorities, framed the circular and Tumber signed it as secretary and issued it. Aldrich was one of the executive committee which agreed on the work which was subsequently carried out.

## THE DISTRESS IN IRELAND.

Meeting Held to Force Government to Grant Relief.

Dublin, Dec. 16.—The meeting of the Irish parliamentary to discuss the distress in the west of Ireland and consider means to "force the government to provide for the immediate necessities of the case and put the land act in operation in Connaught and other poor districts," was held here Thursday under the presidency of John Redmond. A resolution was passed condemning the government for the existing distress in Ireland, demanding that immediate steps be taken to relieve it and also demanding that powers be given for the distribution of land in the poor districts. The local government board, however, to some degree forestalled the meeting by taking steps which it is considered will be effective in relieving the tenants who are affected by the failure of the potato crop.

## THREE PERSONS DEAD

FIVE OTHERS INJURED IN COLLAPSE OF AN OLD BRIDGE AT CHARLESTON, W. VA.

Charleston, W. Va., Dec. 16.—Three persons are known to have been killed and five others seriously injured by the collapse of the suspension bridge across the Elk river which connects East and West Charleston. There were six teams, six children on their way to school, and a number of other pedestrians on the structure when it went down. The bridge collapsed without warning. Those who went down with the wreckage fell a distance of forty feet into the ice-covered waters of the river. The depth of the river at this point is estimated at twenty feet and when the iron and lumber wreckage struck the ice, it broke into fragments and a number of those killed and several of the injured were thrown into the water or swept under the ice further down the stream.

Following the news of the accident there was great excitement and crowds gathered on either bank. The steamer Baxter broke the ice to allow small boats to reach the scene and the rescue work began immediately. The injured were first assisted to the shore and later a search was made of the river for dead bodies. The bodies of Mamie Higginbotham and Annie Humphreys were soon taken out and the search continued until nightfall, but no others were found.

The bridge was a single span 500 feet in length and was built in 1852. It has been known to be unsafe for some time and heavy traffic was not allowed on it.

The accident was caused by two cables on the north side slipping from their moorings. When that side dropped another cable on the down side of the stream snapped, the floor tilted and turned completely over.

## TO TESTIFY AGAINST DR. KOCH.

State Witnesses Expected to Furnish Damaging Evidence.

New Ulm, Minn., Dec. 16.—The grand jury at noon took an adjournment until Friday noon in the consideration of the Gebhard murder case on account of expert testimony from outside the city, which is expected here then. The chemist of the state university who made an analysis of the bottle of poison which was sent to Dr. Gebhard several days prior to the murder will be here Friday, and the handwriting on the bottle will also be identified as that of Dr. Koch by several witnesses who have letters in their possession written to them by Dr. Koch shortly before the bottle was sent to Gebhard. Detective Riddell was called before the grand jury and gave some of the evidence which he has collected since Nov. 2.

The state has a witness who will testify that on the evening of the murder Dr. Koch asked him to bandage his hand. Several days after the murder Dr. Koch claimed that he burned his hand with carbolic acid. The state will attempt to prove that Dr. Koch attempted to remove the injuries which he received in the scuffle with his victim. An indictment is confidently looked for Saturday.

## BECKWITH VISITS JAIL

PRESIDENT OF THE FAILED OBERLIN (O.) BANK MAKES A CALL ON MRS. CHADWICK.

## BANKER'S APPEAL IS FUTILE

ASKS WOMAN TO MAKE KNOWN HER FINANCIAL DEALINGS AND SHE DECLINES.

Cleveland, O., Dec. 16.—Mrs. Chadwick's first day in the county jail was a busy one for her. She received several visits from her attorneys, held long conferences with them, conversed with newspaper men and for fifteen minutes stood face to face with President Beckwith of the Oberlin bank, who has come to such great trouble through his financial transactions with her.

The meeting was dramatic. The aged banker who had been for hours before the county grand jury, went to the office of Sheriff Barry and asked if he might see Mrs. Chadwick. The sheriff readily consented and Mrs. Chadwick was eager to meet him. Accompanied by Mrs. Beckwith, who owing to her husband's ill health is always by his side, the aged banker made his way slowly and feebly up the long flights of iron stairs leading to Mrs. Chadwick's cell. She met him at the entrance of the corridor and shook hands with him cordially. After some general conversation Mr. Beckwith referred to their business relations by saying:

"Mrs. Chadwick, you have ruined me, but I'm not so sure yet you are a grand. I have stood by you to my last dollar and I do think now that the time has come for you to make known everything in relation to this thing."

## Betrayed Deep Emotion.

Beckwith's voice betrayed deep emotion as he spoke, and he leaned heavily on the arm of his wife, who was almost compelled to support him, so great was his physical weakness. Mrs. Chadwick did not reply directly to the words of Mr. Beckwith, but her manner and the look on her face were not conciliatory. Seeing that she would not answer Mr. Beckwith said:

"I have always told you that I did not like it because you changed your lawyers so often. Why don't you get a good one and stick to him?"

"Well," said Mrs. Chadwick in reply, "I have reasons for that."

"Have you heard from Judge Olcott recently?" was Mr. Beckwith's next question.

"Not since I left New York," was Mrs. Chadwick's reply. "Has he changed his mind?"

"No, he has the same belief that he always held."

To what matter the questions referred was not known. Mr. and Mrs. Beckwith then both said they hoped the matters connected with the Chadwick affair would be eventually straightened out. The interview then closed. Mrs. Chadwick thanked them for calling, shook hands with Mr. and Mrs. Beckwith and said she would be pleased to have them call again. There is a possibility that the hear-

ing in the Chadwick case may be resumed Friday in the bankruptcy court, and that she will be summoned as a witness, although the probabilities are that the hearing will go over until Saturday, and possibly until Monday.

Receiver Looser said that he had made no arrangement to have her summoned Friday, although he might ask that it be done.

## Examination May Be Deferred.

"I know nothing of her physical condition," said Mr. Looser, "and do not wish to have her called until she is able to undergo an examination that may be of some length. The chances are that there will be no hearing before Saturday or Monday."

An application for an additional receiver for the Chadwick estate was made in the common pleas court Thursday by the Savings Deposit Banking and Trust company of Elyria, O., which has brought suit against Mrs. Chadwick on two notes of \$25,000 and \$10,000 respectively.

Mrs. Chadwick has retained the attorney who is to conduct her defense when she is called for trial in the federal court. He is J. P. Dawley, one of the leading criminal lawyers of Cleveland. Sheldon Q. Kernish will assist Mr. Dawley. Mr. Kernish said: "It is very difficult to know what is best to do for Mrs. Chadwick. She says one thing, and a little later will give a totally different version of the same matter. Until we have successfully gotten her affairs straightened out, it will be difficult to say what we will do. I do not know of any case where it has been so difficult for an attorney to get his bearings."

The present programme of the federal authorities is to have Mrs. Chadwick arraigned in the United States district court before Judge Wing on Monday next. She will be asked to plead to the indictments, and will be given a chance to furnish bail if she is able to do so. If her health is not such as to render the arraignment advisable it will be postponed.

Beckwith and Spear may be arraigned at the same time.

## LUMBER CUT FALLS OFF.

Total Is 100,000,000 Feet Less Than in Last Season.

Duluth, Dec. 16.—The lumber cut on the Duluth-Superior harbor docks for the season just closed was 285,000,000 feet, which is a decrease of about 100,000,000 feet from last season's record. There is 96,000,000 feet of lumber on the dock at present, of which 45,000,000 feet is sold and the balance unsold. One hundred and twenty-three million feet of lumber was shipped through Duluth from interior points this season, as compared with 60,000,000 feet in 1903. Fifty-seven million feet was shipped this season from Two Harbors.

## ON THE PHILIPPINE BILL.

Senate Puts in Almost an Entire Day of Debate.

Washington, Dec. 16.—The senate spent practically the entire day discussing the Philippine administrative bill. A number of amendments were suggested and debated, among them being provisions relating to railroad bonds, mining locations and tariff rates. Under unanimous agreement the vote on the bill will be taken Friday and the disposal of all amendments will occur at the same time.

A formal order to enter on the Swayne impeachment proceedings was adopted, but it did not fix a day for beginning the work.

## BIDS FOR NEW WARSHIPS.

Unprecedentedly Low Offers Submitted to Navy Department.

Washington, Dec. 16.—Unprecedentedly low bids were offered Thursday for the construction of the battleship New Hampshire and the armored cruisers Montana and North Carolina, proposals for which were opened at the navy department at noon in the presence of representatives of shipbuilding companies from the Pacific and Atlantic coasts.

It is probable that an official announcement will award the contract for the cruisers to the Newport News Shipbuilding company for \$3,375,000 each, and the battleship to the New York Shipbuilding company for \$4,860,000, those being the lowest bids offered, as not more than two ships can be awarded to one company. The lowest aggregate bids for both the ships was exactly \$1,737,000 less than the aggregate lowest bids for their sister ships a little over a year ago, a reduction of 11 per cent in the price.

The naval department, while gratified at the reduction, is unable to assign any reason for it, except for the fact that the shipbuilders are badly in need of work.

## LUMBER CUT FALLS OFF.

## BIDS FOR NEW WARSHIPS.

Unprecedentedly Low Offers Submitted to Navy Department.

Washington, Dec. 16.—Unprecedentedly low bids were offered Thursday for the construction of the battleship New Hampshire and the armored cruisers Montana and North Carolina, proposals for which were opened at the navy department at noon in the presence of representatives of shipbuilding companies from the Pacific and Atlantic coasts.

It is probable that an official announcement will award the contract for the cruisers to the Newport News Shipbuilding company for \$3,375,000 each, and the battleship to the New York Shipbuilding company for \$4,860,000, those being the lowest bids offered, as not more than two ships can be awarded to one company. The lowest aggregate bids for both the ships was exactly \$1,737,000 less than the aggregate lowest bids for their sister ships a little over a year ago, a reduction of 11 per cent in the price.

The naval department, while gratified at the reduction, is unable to assign any reason for it, except for the fact that the shipbuilders are badly in need of work.

## JAP FORCES ADVANCE

RIGHT COLUMN OF FIELD MARSHAL OYAMA'S ARMY MOVING NORTHEAST.

### ONE TORPEDO BOAT MISSING

FAILS TO RETURN AFTER THE ATTACK ON RUSSIAN BATTLESHIP SEVASTOPOL.

Mukden, Dec. 16.—The Japanese column of General Oyama's right, which General Rennenkampf recently drove back to the Taitse river, is again reported to be moving northeast and strongly holding the Siaodai-Sianchan region, 5,000 men, with eight guns, being at Sianchan and 10,000 men, with eight guns, at Siamatze. The Japanese are also holding Sian-tiatzu and Bencibu with a small force. They occupy Siad'yr, on the south bank of the Taitse river, and they are guarding the bridge, which is no longer of any importance owing to the freezing of the river. The extreme cold keeps things quiet along the front. The distribution of warm clothing to the troops is practically finished.

### JAP TORPEDO BOAT MISSING.

FAILS TO RETURN AFTER ATTACK ON BATTLESHIP SEVASTOPOL.

London, Dec. 16.—A dispatch to the Japanese legation from Tokio says: "The commander of the Third squadron reports that the battleship Sevastopol's bow, which had previously sunk three feet, had further sunk during the morning and at 9 a. m. her torpedo tube was completely submerged. "One of the torpedo boats which attacked the Sevastopol has been missing for nearly twenty-four hours. "Six torpedo boats have attacked the Sevastopol, the Otavashni and another ship. Details have not yet been received."

### FOR TWO MORE STATES.

Senate Committee Authorizes Favorable Report on Bill.

Washington, Dec. 16.—The senate committee on territories by a vote of 6 to 4, Thursday authorized a favorable report on the statehood bill providing for the admission into the Union of Oklahoma and Indian Territory to become the state of Oklahoma, and of Arizona and New Mexico to become the state of Arizona. The bill is the one originating in the house in the second session of the Fifty-eighth congress, but has been amended materially by the senate committee. The closeness of the vote practically makes it certain that there will be a minority report. Senator Beveridge, chairman of the committee having the bill in charge, will submit the majority report Friday. The opponents of the bill will contest its passage on the floor of the senate. The statehood bill will be the unfinished business of the senate after a vote is had Friday on the Philippine bill.

The most important change made in the house bill are the insertion of a clause prohibiting traffic in liquor for a period of ten years in that part of the proposed state of Oklahoma now known as Indian Territory, and the elimination from the house bill of all provisions with reference to suffrage except the following:

That said state shall never enact any law restricting or abridging the right of suffrage on account of race, color, or previous condition of servitude.

## RESULT OF POLITICAL ACTIVITY.

Two Rural Mail Carriers Dismissed From the Service.

Washington, Dec. 16.—As the result of an investigation of their activity during the recent political campaign, Warren F. Tumber, a rural mail carrier at Lockport, N. Y., and H. W. Aldrich, a rural carrier of Concord, N. H., both officials of the National Association of Rural Free Delivery Carriers, Thursday were removed forthwith from the government service by Postmaster General Wynne. Tumber is secretary of the national association of the carriers and he and Aldrich are members of its executive board. The charges, the investigation of which by postoffice inspectors resulted in Thursday's action, were that the dismissed men sent out circular letters during the last campaign to candidates for congress urging legislation in the interest of the carriers and demanding that the men to whom the letters were addressed pledge themselves to vote for such legislation.

President Cunningham, who was dismissed Tuesday and Secretary Tumber, according to the postal authorities, framed the circular and Tumber signed it as secretary and issued it. Aldrich was one of the executive committee which agreed on the work which was subsequently carried out.

### THE DISTRESS IN IRELAND.

Meeting Held to Force Government to Grant Relief.

Dublin, Dec. 16.—The meeting of the Irish parliamentary to discuss the distress in the west of Ireland and consider means to "force the government to provide for the immediate necessities of the case and put the land act in operation in Connaught and other poor districts," was held here Thursday under the presidency of John Redmond. A resolution was passed condemning the government for the existing distress in Ireland, demanding that immediate steps be taken to relieve it and also demanding that powers be given for the distribution of land in the poor districts. The local government board, however, to some degree forestalled the meeting by taking steps which it is considered will be effective in relieving the tenants who are affected by the failure of the potato crop.

## THREE PERSONS DEAD

FIVE OTHERS INJURED IN COLLAPSE OF AN OLD BRIDGE AT CHARLESTON, W. VA.

Charleston, W. Va., Dec. 16.—Three persons are known to have been killed and five others seriously injured by the collapse of the suspension bridge across the Elk river which connects East and West Charleston. There were six teams, six children on their way to school, and a number of other pedestrians on the structure when it went down. The bridge collapsed without warning. Those who went down with the wreckage fell a distance of forty feet into the ice-covered waters of the river. The depth of the river at this point is estimated at twenty feet and when the iron and lumber wreckage struck the ice, it broke into fragments and a number of those killed and several of the injured were thrown into the water or swept under the ice further down the stream.

Following the news of the accident there was great excitement and crowds gathered on either bank. The steamer Baxter broke the ice to allow the rescue work began immediately. The injured were first assisted to the shore and later a search was made of the river for dead bodies. The bodies of Mamie Higginbotham and Annie Humphreys were soon taken out and the search continued until nightfall, but no others were found.

The bridge was a single span 500 feet in length and was built in 1852. It has been known to be unsafe for some time and heavy traffic was not allowed on it.

The accident was caused by two cables on the north side slipping from their moorings. When that side dropped another cable on the down side of the stream snapped, the floor tilted and turned completely over.

### TO TESTIFY AGAINST DR. KOCH.

State Witnesses Expected to Furnish Damaging Evidence.

New Ulm, Minn., Dec. 16.—The grand jury at noon took an adjournment until Friday noon in the consideration of the Gebhard murder case on account of expert testimony from outside the city, which is expected here then. The chemist of the state university who made an analysis of the bottle of poison which was sent to Dr. Gebhard several days prior to the murder will be here Friday, and the handwriting on the bottle will also be identified as that of Dr. Koch by several witnesses who have letters in their possession written to them by Dr. Koch shortly before the bottle was sent to Gebhard. Detective Riddell was called before the grand jury and gave some of the evidence which he has collected since Nov. 2.

The state has a witness who will testify that on the evening of the murder Dr. Koch asked him to bandage his hand. Several days after the murder Dr. Koch claimed that he burned his hand with carbolic acid. The state will attempt to prove that Dr. Koch attempted to remove the injuries which he received in the scuffle with his victim. An indictment is confidently looked for Saturday.

## BECKWITH VISITS JAIL

PRESIDENT OF THE FAILED OVERLIN (O.) BANK MAKES A CALL ON MRS. CHADWICK.

### BANKER'S APPEAL IS FUTILE

ASKS WOMAN TO MAKE KNOWN HER FINANCIAL DEALINGS AND SHE DECLINES.

Cleveland, O., Dec. 16.—Mrs. Chadwick's first day in the county jail was a busy one for her. She received several visits from her attorneys, held long conferences with them, conversed with newspaper men and for fifteen minutes stood face to face with President Beckwith of the Oberlin bank, who has come to such great trouble through his financial transactions with her.

The meeting was dramatic. The aged banker who had been for hours before the county grand jury, went to the office of Sheriff Barry and asked if he might see Mrs. Chadwick. The sheriff readily consented and Mrs. Chadwick was eager to meet him. Accompanied by Mrs. Beckwith, who owing to her husband's ill health is always by his side, the aged banker made his way slowly and feebly up the long flights of iron stairs leading to Mrs. Chadwick's cell. She met him at the entrance of the corridor and shook hands with him cordially. After some general conversation Mr. Beckwith referred to their business relations by saying:

"Mrs. Chadwick, you have ruined me, but I'm not so sure yet you are a fraud. I have stood by you to my last dollar and I do think now that the time has come for you to make known everything in relation to this thing."

### Betrayed Deep Emotion.

Beckwith's voice betrayed deep emotion as he spoke, and he leaned heavily on the arm of his wife, who was almost compelled to support him, so great was his physical weakness. Mrs. Chadwick did not reply directly to the words of Mr. Beckwith, but her manner and the look on her face were not conciliatory. Seeing that she would not answer Mr. Beckwith said:

"I have always told you that I did not like it because you changed your lawyers so often. Why don't you get a good one and stick to him?"

"Well," said Mrs. Chadwick in reply, "I have reasons for that."

"Have you heard from Judge Olcott recently?" was Mr. Beckwith's next question.

"Not since I left New York," was Mrs. Chadwick's reply. "Has he changed his mind?"

"No, he has the same belief that he always held."

To what matter the questions referred was not known. Mr. and Mrs. Beckwith then both said they hoped the matters connected with the Chadwick affair would be eventually straightened out. The interview then closed. Mrs. Chadwick thanked them for calling, shook hands with Mr. and Mrs. Beckwith and said she would be pleased to have them call again. There is a possibility that the hear-

ing in the Chadwick case may be resumed Friday in the bankruptcy court, and that she will be summoned as a witness, although the probabilities are that the hearing will go over until Saturday, and possibly until Monday.

Receiver Loeser said that he had made no arrangement to have her summoned Friday, although he might ask that it be done.

### Examination May Be Deferred.

"I know nothing of her physical condition," said Mr. Loeser, "and do not wish to have her called until she is able to undergo an examination that may be of some length. The chances are that there will be no hearing before Saturday or Monday."

An application for an additional receiver for the Chadwick estate was made in the common pleas court Thursday by the Savings Deposit Banking and Trust company of Elyria, O., which has brought suit against Mrs. Chadwick on two notes of \$25,000 and \$10,000 respectively.

Mrs. Chadwick has retained the attorney who is to conduct her defense when she is called for trial in the federal court. He is J. P. Dawley, one of the leading criminal lawyers of Cleveland. Sheldon Q. Kerrish will assist Mr. Dawley. Mr. Kerrish said: "It is very difficult to know what is best to do for Mrs. Chadwick. She says one thing, and a little later will give a totally different version of the same matter. Until we have successfully gotten her affairs straightened out, it will be difficult to say what we will do. I do not know of any case where it has been so difficult for an attorney to get his bearings."

The present programme of the federal authorities is to have Mrs. Chadwick arraigned in the United States district court before Judge Wing on Monday next. She will be asked to plead to the indictments, and will be given a chance to furnish bail if she is able to do so. If her health is not such as to render the arraignment advisable it will be postponed.

Beckwith and Spear may be arraigned at the same time.

HENNEPIN county, which gave 8,000 majority to the democratic candidate for governor and elected him, now lays claim to the United States senatorship. The republican party certainly owes Hennepin county and the city of Minneapolis much.

Those who have holiday shopping to do will be wise if they take advantage of the early shopping idea and do not wait until the last moment when the stores are crowded to suffocation and the clerks and tradesmen are too busy to scarcely give you a civil answer.

ANOKA county is desirous of trading Columbia Heights to Hennepin county for Champlin which lies directly across the river from Anoka, and a bill authorizing the "swap" will be introduced in the coming legislature. Anoka being a quiet, law abiding town does not relish having in the same county with herself a place of such lawlessness as the Heights which is always in trouble and which should be under the control of the Minneapolis city government.

A SWEEPING order has been issued by the Great Northern road whereby trainmen are given notice that they must provide themselves with watches of 21 jewels or better, adjusted at five different points for heat and cold. Five years ago the standard was fixed at 17 jewels with heat and cold adjustment. An official inspector passes upon all watches bought. It has been suggested that it would be a nice thing for the road to do to furnish its trainmen with timepieces of the required standard when these changes are made.

THE constitutional amendments submitted at the election all carried and are now part of the laws of the state. The grand jury amendment received the smallest majority of any and its passage means that at the coming session of the legislature an endeavor will be made to pass a law abolishing the grand jury system and providing for a law of indictment or presentment by the prosecuting attorney, as in vogue in Michigan and some of the other states. The other amendment that passed provides that the state may loan money to school districts and townships to the extent of 15 per cent of their assessed valuation, the limit formerly being 7 per cent. The 4 per cent gross earnings bill passed by the largest vote of all.

## SEARCHED YOUNG'S POCKETS.

Widow Testifies That He Carried No Revolver.

New York, Dec. 16.—At the conclusion of the examination of Mrs. Young, widow of Caesar Young, who was called to the witness stand twice Thursday, Assistant District Attorney Rand practically rested the case of the prosecution against Nan Patterson, who is on trial before Justice Vernon M. Davis in the criminal branch of the supreme court, charged with the murder of Young.

Mr. Rand announced that he would call only two more witnesses, whose testimony would be comparatively unimportant.

In the morning Mrs. Young took the stand and verified for the records, her testimony of Wednesday regarding the intercepted letter written to Young by Miss Patterson's sister, Julia Smith. Again in the afternoon she was recalled and told of the arrangement for her proposed trip to Europe with Young. She said after her husband had retired early on the morning of June 8, she searched his pockets and was certain he had no revolver. She said also that he never carried a revolver.

John Mellin, Young's racing partner, was also a witness. He told of efforts Young had made to break off his relations with Miss Patterson while in Los Angeles in March last. He said that he purchased a ticket for her and gave her \$800 of Young's money when it was decided that she should leave him.

## RIDES IN A FLAMING WAGON.

Driver of a Florist's Vehicle Has an Exciting Experience.

New York, Dec. 16.—A wagon all in flames, containing an imprisoned and terrified driver, was dashed along by a runaway horse for fourteen blocks in Central park west Thursday night. The animal was finally stopped by policemen and an alarm of fire was turned in. Firemen put out the flames but the vehicle had been reduced to a skeleton of charred wood and twisted iron. The driver, frightened by his experience, mounted the horse and rode madly away before his name could be learned. The horse and wagon were owned by Herman Hebelgeel, a Union Hill, N. J., florist. A can in which were live coals to keep plants in the wagon from freezing was overturned by the jolting of the wagon and the coal set fire to the bottom of the wagon. In throwing the can into the street the man let coals fall upon the horse's back, whereupon it bolted.

## DEATH OF DEPUTY SYVETON.

Said to Have Followed Domestic Drama of Startling Magnitude.

Paris, Dec. 16.—The circumstances attending the death of Deputy Gabriel Syveton, who was found dead from asphyxiation in his apartments at Neuilly Dec. 8, are developing into a domestic drama of startling magnitude. Although the authorities refuse to speak pending their investigation, many sensational features have already come to light. It is established that the wife of M. Syveton was about to apply to apply for a divorce on the grounds of improper relations between M. Syveton and Madame Menard, a daughter of Madame Syveton by a former husband. Both M. Menard and Madame Syveton had accused the deputy of these relations and a family council took place shortly before M. Syveton's death, at which violent scenes were enacted. M. Menard declaring that it was the duty of the deputy to put a bullet through his head and Madame Syveton announcing her purpose to sue for a divorce. This was the eve of M. Syveton's trial for assaulting War Minister Andre in the chamber of deputies Nov. 4. The deputy foresaw the public disclosure of his relations with his wife's daughter and thereupon committed suicide for the purpose of averting the disclosure.

## FOR THE PUBLIC GOOD

The Information Contained in this Citizen's Statement is Invaluable to Brainerd People.

When a resident of Brainerd, whose statement appears below, who has no monetary or other interest in the article which he endorses, who is anxious to do his acquaintances and fellow residents a good turn, who publishes in this paper his experience with Doan's Kidney Pills—that citizen must have good and sufficient reason for doing so. The following should dispel any doubts which may have existed in the reader's mind on this subject:

J. Hagadorn, of 123 Ninth St. north, says: "For thirty years I had more or less trouble with my kidneys. Some at tacks laid me up, while during others my back ached so severely that I could not sleep at night nor work during the day. On many occasions I could not stand and talk to a man for two or three minutes without suffering with twinges across the small of my back which radiated toward the shoulders. As time passed by the complaint became more pronounced and difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks occurred to check them, but if I had met with any marked degree of success I never would have resorted to Doan's Kidney Pills. When suffering severely I went to a drug store and got a box. I expected the results would be similar to those obtained by using other preparations. In twenty four hours I changed my mind. I noticed they were acting totally different to anything hitherto tried and encouraged I kept on with the treatment until I finished two boxes. Now I may have recurrences, but at the present moment, and it is some time since I stopped the treatment, I have not a symptom of my old complaint. To anyone interested I will be only too pleased to give minutest details and substantiate the above statement in a personal interview."

HENNEPIN county, which gave 8,000 majority to the democratic candidate for governor and elected him, now lays claim to the United States senatorship. The republican party certainly owes Hennepin county and the city of Minneapolis much.

Those who have holiday shopping to do will be wise if they take advantage of the early shopping idea and do not wait until the last moment when the stores are crowded to suffocation and the clerks and tradesmen are too busy to scarcely give you a civil answer.

ANOKA county is desirous of trading Columbia Heights to Hennepin county for Champlin which lies directly across the river from Anoka, and a bill authorizing the "swap" will be introduced in the coming legislature. Anoka being a quiet, law abiding town does not relish having in the same county with herself a place of such lawlessness as the Heights which is always in trouble and which should be under the control of the Minneapolis city government.

A SWEEPING order has been issued by the Great Northern road whereby trainmen are given notice that they must provide themselves with watches of 21 jewels or better, adjusted at five different points for heat and cold. Five years ago the standard was fixed at 17 jewels with heat and cold adjustment. An official inspector passes upon all watches bought. It has been suggested that it would be a nice thing for the road to do to furnish its trainmen with timepieces of the required standard when these changes are made.

The constitutional amendments submitted at the election all carried and are now part of the laws of the state. The grand jury amendment received the smallest majority of any and its passage means that at the coming session of the legislature an endeavor will be made to pass a law abolishing the grand jury system and providing for a law of indictment or presentment by the prosecuting attorney, as in vogue in Michigan and some of the other states. The other amendment that passed provides that the state may loan money to school districts and townships to the extent of 15 per cent of their assessed valuation, the limit formerly being 7 per cent. The 4 per cent gross earnings bill passed by the largest vote of all.

## SEARCHED YOUNG'S POCKETS.

Widow Testifies That He Carried No Revolver.

New York, Dec. 16.—At the conclusion of the examination of Mrs. Young, widow of Caesar Young, who was called to the witness stand twice Thursday, Assistant District Attorney Rand practically rested the case of the prosecution against Nan Patterson, who is on trial before Justice Vernon M. Davis in the criminal branch of the supreme court, charged with the murder of Young.

Mr. Rand announced that he would call only two more witnesses, whose testimony would be comparatively unimportant.

In the morning Mrs. Young took the stand and verified for the records, her testimony of Wednesday regarding the intercepted letter written to Young by Miss Patterson's sister, Julia Smith. Again in the afternoon she was recalled and told of the arrangement for her proposed trip to Europe with Young. She said after her husband had retired early on the morning of June 8, she searched his pockets and was certain he had no revolver. She said also that he never carried a revolver.

John Mellin, Young's racing partner, was also a witness. He told of efforts Young had made to break off his relations with Miss Patterson while in Los Angeles in March last. He said that he purchased a ticket for her and gave her \$800 of Young's money when it was decided that she should leave him.

## RIDES IN A FLAMING WAGON.

Driver of a Florist's Vehicle Has an Exciting Experience.

New York, Dec. 16.—A wagon all in flames, containing an imprisoned and terrified driver, was dashed along by a runaway horse for fourteen blocks in Central park west Thursday night. The animal was finally stopped by policemen and an alarm of fire was turned in. Firemen put out the flames but the vehicle had been reduced to a skeleton of charred wood and twisted iron. The driver, frightened by his experience, mounted the horse and rode madly away before his name could be learned. The horse and wagon were owned by Herman Hebekegel, a Union Hill, N. J., florist. A can in which were live coals to keep plants in the wagon from freezing was overturned by the jolting of the wagon and the coal set fire to excelsior in the bottom of the wagon. Those who have holiday shopping to do will be wise if they take advantage of the early shopping idea and do not wait until the last moment when the stores are crowded to suffocation and the clerks and tradesmen are too busy to scarcely give you a civil answer.

ANOKA county is desirous of trading Columbia Heights to Hennepin county for Champlin which lies directly across the river from Anoka, and a bill authorizing the "swap" will be introduced in the coming legislature. Anoka being a quiet, law abiding town does not relish having in the same county with herself a place of such lawlessness as the Heights which is always in trouble and which should be under the control of the Minneapolis city government.

A SWEEPING order has been issued by the Great Northern road whereby trainmen are given notice that they must provide themselves with watches of 21 jewels or better, adjusted at five different points for heat and cold. Five years ago the standard was fixed at 17 jewels with heat and cold adjustment. An official inspector passes upon all watches bought. It has been suggested that it would be a nice thing for the road to do to furnish its trainmen with timepieces of the required standard when these changes are made.

THE constitutional amendments submitted at the election all carried and are now part of the laws of the state. The grand jury amendment received the smallest majority of aye and its passage means that at the coming session of the legislature an endeavor will be made to pass a law abolishing the grand jury system and providing for a law of indictment or presentment by the prosecuting attorney, as in vogue in Michigan and some of the other states. The other amendment that passed provides that the state may loan money to school districts and townships to the extent of 15 per cent of their assessed valuation, the limit formerly being 7 per cent. The 4 per cent gross earnings bill passed by the largest vote of all.

## SEARCHED YOUNG'S POCKETS.

Widow Testifies That He Carried No Revolver.

New York, Dec. 16.—At the conclusion of the examination of Mrs. Young, widow of Caesar Young, who was called to the witness stand twice Thursday, Assistant District Attorney Rand practically rested the case of the prosecution against Nan Patterson, who is on trial before Justice Vernon M. Davis in the criminal branch of the supreme court, charged with the murder of Young.

Mr. Rand announced that he would call only two more witnesses, whose testimony would be comparatively unimportant.

In the morning Mrs. Young took the stand and verified for the records, her testimony of Wednesday regarding the intercepted letter written to Young by Miss Patterson's sister, Julia Smith. Again in the afternoon she was recalled and told of the arrangement for her proposed trip to Europe with Young. She said after her husband had retired early on the morning of June 8, she searched his pockets and was certain he had no revolver. She said also that he never carried a revolver.

John Mellin, Young's racing partner, was also a witness. He told of efforts Young had made to break off his relations with Miss Patterson while in Los Angeles in March last. He said that he purchased a ticket for her and gave her \$800 of Young's money when it was decided that she should leave him.

## RIDES IN A FLAMING WAGON.

Driver of a Florist's Vehicle Has an Exciting Experience.

New York, Dec. 16.—A wagon all in flames, containing an imprisoned and terrified driver, was dashed along by a runaway horse for fourteen blocks in Central park west Thursday night. The animal was finally stopped by policemen and an alarm of fire was turned in. Firemen put out the flames but the vehicle had been reduced to a skeleton of charred wood and twisted iron. The driver, frightened by his experience, mounted the horse and rode madly away before his name could be learned. The horse and wagon were owned by Herman Hehoegel, a Union Hill, N. J., florist. A can in which were live coals to keep plants in the wagon from freezing was overturned by the jolting of the wagon and the coal set fire to the interior in the bottom of the wagon. In throwing the can into the street the man let coals fall upon the horse's back, whereupon it bolted.

## DEATH OF DEPUTY SYVETON.

Said to Have Followed Domestic Drama of Startling Magnitude.

Paris, Dec. 16.—The circumstances attending the death of Deputy Gabriel Syveton, who was found dead from asphyxiation in his apartments at Neuilly Dec. 8, are developing into a domestic drama of startling magnitude. Although the authorities refuse to speak pending their investigation, many sensational features have already come to light. It is established that the wife of M. Syveton was about to apply to a court for a divorce on the grounds of improper relations between M. Syveton and Madame Menard, a daughter of Madame Syveton by a former husband. Both M. Menard and Madame Syveton had accused the deputy of these relations and a family council took place shortly before M. Syveton's death, at which violent scenes were enacted. M. Menard declaring that it was the duty of the deputy to put a bullet through his head and Madame Syveton announcing her purpose to sue for a divorce. This was the eve of M. Syveton's trial for assaulting War Minister Andre in the chamber of deputies Nov. 4. The deputy foresaw the public disclosure of his relations with his wife's daughter and thereupon committed suicide for the purpose of averting the disclosure.

## FOR THE PUBLIC GOOD

The Information Contained in this Citizen's Statement is Invaluable to Brainerd People.

When a resident of Brainerd, whose statement appears below, who has no monetary or other interest in the article which he endorses, who is anxious to do his acquaintances and fellow residents a good turn, who publishes in this paper his experience with Doan's Kidney Pills—that citizen must have good and sufficient reason for doing so. The following should dispel any doubts which may have existed in the reader's mind on this subject:

J. Hagadorn, of 123 Ninth St. north, says: "For thirty years I had more or less trouble with my kidneys. Some at tacks laid me up, while during others my back ached so severely that I could not sleep at night nor work during the day. On many occasions I could not stand and talk to a man for two or three minutes without suffering with twinges across the small of my back which radiated toward the shoulders. As time passed by the complaint became more pronounced and difficulty with the kidney secretions set in. As might be expected I tried everything when the attacks occurred to check them, but if I had met with any marked degree of success I never would have resorted to Doan's Kidney Pills. When suffering severely I went to a drug store and got a box. I expected the results would be similar to those obtained by using other preparations. In twenty four hours I changed my mind. I noticed they were acting totally different to anything hitherto tried and encouraged I kept on with the treatment until I finished two boxes. Now I may have recurrences, but at the present moment, and it is some time since I stopped the treatment, I have not a symptom of my old complaint. To anyone interested I will be only too pleased to give minutest details and substantiate the above statement in a personal interview."

SUSPECTS HAVE BEEN ARRESTED

Three Men Thought to Have Robbed Bank of Rices Captured Near New Paynesville

MUCH OF THE MONEY RECOVERED

Two Sacks of Money Found and the Sacks Have Been Identified by Bank Officials

The three men who are believed to have robbed the bank of Rices, at Rices, Minn., Wednesday morning, were captured yesterday, near Paynesville and the other two at Richmond. The \$2,000 which it is alleged was taken from the bank, was also secured.

The men gave their names as Charles F. Morgan, Chicago; George Myers, Davenport, Iowa, and Charles Young, Duluth.

Charles F. Morgan was taken off the Great Northern freight by the marshal at Paynesville. Morgan had a revolver and his share of the alleged proceeds of the Rices robbery.

Two money sacks, since identified as belonging to the bank, were in his pockets. In one was \$190 in bills, ninety-three silver dollars, eighty halves, eighty quarters, fifty dimes, 101 nickels and \$45 in gold. The total amount is \$397.95. The other sack held cartridges and fuse.

Myers and Young, the other two men, were arrested by Marshal Kost, at Richmond. It is believed they have a cache in the woods back of that village, and citizens are making a hunt for the hidden money.

Sheriffs Bernick, Leffingwell and Tanner, of Stearns, Benton and Morrison counties, were instrumental in tracing the men, and Sheriff Bernick brought the three suspects to St. Cloud and lodged them in the county jail.

A large audience greeted the presentation of "The Tenderfoot" at the opera house last night, and all present felt with the gallery god who declared it was "a corker." The company is a large one, about seventy people, and it required two Pullman's and two baggage cars to transport it. At the head of the organization is that inimitable comedian Phillip H. Ryley, who occupied the stage a great deal of the time as Prof. Pittigrew, the "Tenderfoot," and who kept the audience in an uproar constantly. The production was beautifully staged and costumed and the chorus work of the company was splendid. The solo work was hardly as strong as in the Princess Chic company, although Thos. L. Cameron as Col. Paul Winthrop, delighted all with his magnificent tenor voice, Miss Carrington, the prima donna, of the company was not present last night, owing to the fact that she was called east a day or two before because of the illness of her mother, which weakened the company somewhat, but all the roles were very acceptably filled nevertheless. All present were thoroughly pleased with the production.

Olaf Skaug says, come to the Imperial block and see the new drug store.

SUSPECTS HAVE BEEN ARRESTED

Three Men Thought to Have Robbed Bank of Rices Captured Near New Paynesville

MUCH OF THE MONEY RECOVERED

Two Sacks of Money Found and the Sacks Have Been Identified by Bank Officials

The three men who are believed to have robbed the bank of Rices, at Rices, Minn., Wednesday morning, were captured yesterday, near Paynesville and the other two at Richmond. The \$2,000 which it is alleged was taken from the bank, was also secured.

The men gave their names as Charles F. Morgan, Chicago; George Myers, Davenport, Iowa, and Charles Young, Duluth.

Charles F. Morgan was taken off the Great Northern freight by the marshal at Paynesville. Morgan had a revolver and his share of the alleged proceeds of the Rices robbery.

Two money sacks, since identified as belonging to the bank, were in his pockets. In one was \$190 in bills, ninety-three silver dollars, eighty halves, eighty quarters, fifty dimes, 101 nickels and \$45 in gold. The total amount is \$397.95. The other sack held cartridges and fuse.

Myers and Young, the other two men, were arrested by Marshal Kost, at Richmond. It is believed they have a cache in the woods back of that village, and citizens are making a hunt for the hidden money.

Sheriffs Bernick, Leffingwell and Tanner, of Stearns, Benton and Morrison counties, were instrumental in tracing the men, and Sheriff Bernick brought the three suspects to St. Cloud and lodged them in the county jail.

A large audience greeted the presentation of "The Tenderfoot" at the opera house last night, and all present felt with the gallery god who declared it was "a corker." The company is a large one, about seventy people, and it required two Pullman's and two baggage cars to transport it. At the head of the organization is that inimitable comedian Phillip H. Ryley, who occupied the stage a great deal of the time as Prof. Pittigrew, the "Tenderfoot," and who kept the audience in an uproar constantly. The production was beautifully staged and costumed and the chorus work of the company was splendid. The solo work was hardly as strong as in the Princess Chic company, although Thos. L. Cameron as Col. Paul Winthrop, delighted all with his magnificent tenor voice, Miss Carrington, the prima donna, of the company was not present last night, owing to the fact that she was called east a day or two before because of the illness of her mother, which weakened the company somewhat, but all the roles were very acceptably filled nevertheless. All present were thoroughly pleased with the production.

SOME CHANGES

President Elliott Announces That There Will be Changes in Land, Right of Way and Real Estate Departments

President Howard Elliott, of the Northern Pacific, yesterday afternoon announced plans for the reorganization of the land, right of way, real estate and tax departments of the Northern Pacific, which will be put into effect on Jan. 1 says the St. Paul Dispatch.

The changes give G. S. Fernald charge of tax matters exclusively, and will permit him to devote his entire attention to this branch of the company's business.

The real estate and right of way business of the Northern Pacific is to be consolidated with the land department, coming under the jurisdiction of Thomas Cooper. The total business of the land department becomes somewhat less, year by year, owing to the sales of land grant real estate, bringing a less amount of work in that department. The work added to the land department is so closely related and so similar as to make the consolidation of departments a simple and effective method of handling it.

After Jan. 1, Mr. Fernald will devote himself to tax matters and such duties as may be assigned exclusively, reporting to the president. The changes are made to relieve him of detail and permit him to give closer attention to questions of taxes and business of that nature, growing yearly more and more important.

ALEX JOHN WAS FINED

Young Man Arrested on the Charge of Disorderly Conduct Sentenced by Judge Warner Yesterday

The two John boys were in police court yesterday afternoon again for a hearing and the youngest of the two, Alex John, was found guilty and was fined \$5. This he did not pay so he was remanded back to jail. The older of the two boys was discharged.

These young East Brainerd boys were arrested on the charge of disorderly conduct. This is the first move on the part of Chief of Police Simmons to put a stop to the boisterousness of some of the younger boys about the city. There are gangs in every part of the city who get out nights and raise Cain and Chief Simmons will adopt strenuous measures in the future to eradicate the evil.

ALL INDICTMENTS MADE PUBLIC

The Work of the Grand Jury is Today and Seven True Bills Were Found

MEN ARE ALL IN CUSTODY

Two Have Already Been Arraigned and Others will be This Afternoon at 5 O'clock

The grand jury which finished up its work night before last and adjourned found cause for bringing in seven indictments. Several of these include two parties while in the other cases two indictments were based on the same act or acts. Among the cases in addition to those mentioned in yesterday's DAILY DISPATCH are those of O. A. Finnis and Christ Anderson, of Crow Wing, who were indicted for grand larceny in the first degree and also on a separate indictment in the second degree. This is the outgrowth of the sale of some cattle in which, as they claim, they had an interest which permitted them to sell the cattle. W. D. McKay thought otherwise and had the men arrested and was evidently able to show the grand jury.

Chas. Beckerly, of Gull Lake, who was up before the municipal court last summer charged with shooting his neighbors' stock was indicted for injuring personal property.

Wm. Lamkin was indicted for assault in the second degree for an assault on Poundmaster Woodbury last summer.

Wm. Coffin and John Nowatony have already been arraigned and the others will be arraigned at five o'clock this afternoon.

Dangerous Vertigo.

Dizziness or Swimming of the Head Associated With a Sense of Fullness, Dull Pain or Nervous Sick Headache is a Certain Indication of an Outcome Apoplexy or Paralysis

Dr. A. W. Chase's Nerve Pills.

If the person subject to attack of dizziness or swimming of the head, commonly called vertigo, would only stop to realize that these symptoms are not a disease in themselves, not temporary ailments, but the plainest sort of warnings from nature of grave troubles of deeper origin, of an exhausted nervous system or of an oncoming apoplexy, epilepsy or paralysis, the matter would receive prompt attention. Dr. A. W. Chase knew this and provided the cure in his celebrated Nerve Pill, a medicine that brings back the glow of health and strength by its power to furnish just what the ill fed, half starved nervous system needs, good, rich wholesome food and nerve force or energy.

Mr. E. Smith, of No. 1 Union Street, Troy, N. Y., says.

"I used to suffer constantly from nervous headache and dizzy spells. They came on at any time and in any place—I was never safe from them—stooping over always resulted in vertigo—my head pained me as well. I got a box of Dr. A. W. Chase's Nerve Pills and they cured the trouble rapidly, easily and completely. It is the best medicine I ever took. I am as sound as a dollar again in every particular and very glad to recommend it to any one in a similar condition as a safe and certain cure." 50c a box at dealers or Dr. A. W. MUSIC AND DRAMA.

"SIGN OF THE CROSS."

"The Sign of the Cross," Wilson Barrett's religious and historical drama, has had phenomenal record. It has been running for over eight years in England and America. The subject of the play deals with the inhuman persecution of the early Christians by the Emperor Nero, and the author has built on this scheme an interesting and absorbing drama. The effect of such a play presented by a strong company of well known actors, under the management of Fred H. Berger, is greatly enhanced by a series of magnificent stage pictures that are historically correct. The organization comprises twenty-two people, and loads of scenery and costumes carried.

The Philadelphia Record of November 23rd, said: "The Sign of the Cross" is one of the most remarkable plays of the age." The Washington Times recently said: "It is a wonderful production, leaving a strong impression on all who witness it."

Clergymen in every city of the world have unanimously endorsed this production. It is without doubt the strongest and most elaborate drama the stage has ever produced, demanding a large cast of splendid ability and requiring scenery, costumes and effects unequalled for splendor and magnificence. This production will appear at the Brainerd opera house on Tuesday evening, Dec. 20, with Walter Law, the eminent young English actor, as "Marcus Superbus." Seat sale opens Monday.

"COUSIN KATE."

"Cousin Kate," the delightful Hudson Theatre comedy success of last year, will be played here the last of the month. The management of the comedy is in charge of Frank L. Perley, whose name assures the public that the production will be a good one. "Cousin Kate" will be interpreted here by Miss Roselle Knott, who is favorably known to theatre-goers by her impersonation of Mary Tudor in "When Knighthood Was in Flower." In her support are several able historians.

Myers and Young, the other two men, were arrested by Marshal Kost, at Richmond. It is believed they have a cache in the woods back of that village, and citizens are making a hunt for the hidden money.

Sheriffs Bernick, Leflingwell and Tanner, of Stearns, Benton and Morrison counties, were instrumental in tracing the men, and Sheriff Bernick brought the three suspects to St. Cloud and lodged them in the county jail.

A large audience greeted the presentation of "The Tenderfoot" at the opera house last night, and all present felt with the gallery god who declared it was "a corker." The company is a large one, about seventy people, and it required two Pullman's and two baggage cars to transport it. At the head of the organization is that inimitable comedian Phillip H. Ryley, who occupied the stage a great deal of the time as Prof. Pittierew, the "Tenderfoot," and who kept the audience in an uproar constantly. The production was beautifully staged and costumed and the chorus work of the company was splendid. The solo work was hardly as strong as in the Princess Chic company, although Thos. L. Cameron as Col. Paul Winthrop, delighted all with his magnificent tenor voice. Miss Carrington, the prima donna, of the company was not present last night, owing to the fact that she was called east a day or two before because of the illness of her mother, which weakened the company somewhat, but all the roles were very acceptably filled nevertheless. All present were thoroughly pleased with the production.

## SOME CHANGES

President Elliott Announces That There Will be Changes in Land, Right of Way and Real Estate Departments

President Howard Elliott, of the Northern Pacific, yesterday afternoon announced plans for the reorganization of the land, right of way, real estate and tax departments of the Northern Pacific, which will be put into effect on Jan. 1 says the St. Paul Dispatch.

The changes give G. S. Fernald charge of tax matters exclusively, and will permit him to devote his entire attention to this branch of the company's business.

The real estate and right of way business of the Northern Pacific is to be consolidated with the land department, coming under the jurisdiction of Thomas Cooper. The total business of the land department becomes somewhat less, year by year, owing to the sales of land grant real estate, bringing a less amount of work in that department. The work added to the land department is so closely related and so similar as to make the consolidation of departments a simple and effective method of handling it.

After Jan. 1, Mr. Fernald will devote himself to tax matters and such duties as may be assigned exclusively, reporting to the president. The changes are made to relieve him of detail and permit him to give closer attention to questions of taxes and business of that nature, growing yearly more and more important.

## ALEX JOHN WAS FINED

Young Man Arrested on the Charge of Disorderly Conduct Sentenced by Judge Warner Yesterday

The two John boys were in police court yesterday afternoon again for a hearing and the youngest of the two, Alex John, was found guilty and was fined \$5. This he did not pay so he was remanded back to jail. The older of the two boys was discharged.

These young East Brainerd boys were arrested on the charge of disorderly conduct. This is the first move on the part of Chief of Police Simmons to put a stop to the boisterousness of some of the younger boys about the city. There are gangs in every part of the city who get out nights and raise Cain and Chief Simmons will adopt strenuous measures in the future to eradicate the evil.

## ALL INDICTMENTS MADE PUBLIC

The Work of the Grand Jury is Today and Seven True Bills Were Found

MEN ARE ALL IN CUSTODY

Two Have Already Been Arraigned and Others will be This Afternoon at 5 O'clock

The grand jury which finished up its work night before last and adjourned found cause for bringing in seven indictments. Several of these include two parties while in the other cases two indictments were based on the same act or acts. Among the cases in addition to those mentioned in yesterday's Daily Dispatch are those of O. A. Finnis and Christ Anderson, of Crow Wing, who were indicted for grand larceny in the first degree and also on a separate indictment in the second degree. This is the outgrowth of the sale of some cattle in which, as they claim, they had an interest which permitted them to sell the cattle. W. D. McKay thought otherwise and had the men arrested and was evidently able to show the grand jury.

Chas. Beckerly, of Gull Lake, who was up before the municipal court last summer charged with shooting his neighbors' stock was indicted for injuring personal property.

Wm. Lamkin was indicted for assault in the second degree for an assault on Poundmaster Woodbury last summer.

Wm. Coffin and John Nowatony have already been arraigned and the others will be arraigned at five o'clock this afternoon.

## Dangerous Vertigo.

Dizziness or Swimming of the Head Associated With a Sense of Fullness, Dull Pain or Nervous Sick Headache is a Certain Indication of an Outcome Apoplexy or Paralysis

Dr. A. W. Chase's Nerve Pills.

If the person subject to attack of dizziness or swimming of the head, commonly called vertigo, would only stop to realize that these symptoms are not a disease in themselves, but temporary ailments, but the plainest sort of warnings from nature of grave troubles of deeper origin, of an exhausted nervous system or of an oncoming apoplexy, epilepsy or paralysis, the matter would receive prompt attention. Dr. A. W. Chase knew this and provided the cure in his celebrated Nerve Pill, a medicine that brings back the glow of health and strength by its power to furnish just what the ill fed, half starved nervous system needs, good, rich wholesome food and nerve force or energy.

Mr. E. Smith, of No. 1 Union Street, Troy, N. Y., says "I used to suffer constantly from nervous headache and dizzy spells. They came on at any time and in any place—I was never safe from them—stooping over always resulted in vertigo—my head pinned me as well. I got a box of Dr. A. W. Chase's Nerve Pills and they cured the trouble rapidly, easily and completely. It is the best medicine I ever took. I am as sound as a dollar again in every particular and very glad to recommend it to any one in a similar condition as a safe and certain cure." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Portrait and signature of A. W. Chase, M. D., on every package. For sale by H. P. Dunn & Co., bank block, Brainerd, Minn. 165tf

## MUSIC AND DRAMA.

## "SIGN OF THE CROSS."

"The Sign of the Cross," Wilson Barrett's religious and historical drama, has had phenomenal record. It has been running for over eight years in England and America. The subject of the play deals with the inhuman persecution of the early Christians by the Emperor Nero, and the author has built on this scheme an interesting and absorbing drama. The effect of such a play presented by a strong company of well known actors, under the management of Fred H. Berger, is greatly enhanced by a series of magnificent stage pictures that are historically correct. The organization comprises twenty-two people, and loads of scenery and costumes carried.

The Philadelphia Record of November 23rd, said: "The Sign of the Cross" is one of the most remarkable plays of the age." The Washington Times recently said: "It is a wonderful production, leaving a strong impression on all who witness it."

Clergymen in every city of the world have unanimously endorsed this production. It is without doubt the strongest and most elaborate drama the stage has ever produced, demanding a large cast of splendid ability and requiring scenery, costumes and effects unequalled for splendor and magnificence. This production will appear at the Brainerd opera house on Tuesday evening, Dec. 20, with Walter Law, the eminent young English actor, as "Marcus Superbus." Seat sale opens Monday.

## "COUSIN KATE."

"Cousin Kate," the delightful Hudson Theatre comedy success of last year, will be played here the last of the month. The management of the comedy is in charge of Frank L. Perley, whose name assures the public that the production will be a good one. "Cousin Kate" will be interpreted here by Miss Roselle Knott, who is favorably known to theatre-goers by her impersonation of Mary Tudor in "When Knighthood Was in Flower." In her support are several able historians.

### DIE ON A BATTLESHIP

THREE MEN KILLED AND FOUR OTHERS BADLY INJURED ON THE MASSACHUSETTS.

VICTIMS CAUGHT IN A TRAP

BURSTING OF A RUBBER WASHER FILLED THE FIREROOM WITH STEAM AND WATER.

Philadelphia, Dec. 16.—Caught in a trap and helpless to save themselves, three men lost their lives and four others, including Lieutenant William C. Cole, assistant chief engineer, were terribly scalded Thursday by a rush of steam and boiling water in the fireroom of the battleship Massachusetts, lying at the League Island navy-yard.

With the exception of Lieutenant Cole all the killed and injured were residents of Philadelphia. Lieutenant Cole received his injuries in an heroic effort to rescue the others.

The accident was caused by the giving way of a gasket or rubber washer on a boiler on the starboard side of the ship.

The Massachusetts has been at the navyyard for some time undergoing extensive repairs, particularly to the boilers and machinery. The boiler on which the accident occurred had recently been cleaned and thoroughly tested and the boiler-makers were Thursday at work on another boiler.

Without warning the gasket between the boiler plates and the boiler head gave way and a terrible rush of steam and hot water escaped. The doors of the fireroom were closed at the time the accident occurred and the only avenue of escape was a safety ladder. Only one man, Bramlet, assistant fireman, thought of the ladder and he escaped without a scar. The work of rescue was prompt and to this promptness those who escaped death owe their thanks.

The first to enter the firehole was Lieutenant Cole. Without hesitating he entered quickly and dragged the men from the place to the door where they were taken in charge by others.

House Members Make Little Progress on the Measure.  
Washington, Dec. 16.—Discussion of the bill "to improve currency conditions" was resumed in the house Thursday but throughout the session its advancement was beset with obstructive tactics by the Democrats, led by Mr. Williams of Mississippi, the minority leader.  
The Democrats mustered sufficient strength to force Speaker Cannon to break a tie in order that the bill might be taken up, the Democrats assuming their attitude of antagonism because Mr. Hill (Conn.) in charge of the bill, refused to postpone its further consideration in consequence of the illness of Mr. Bartlett (Ga.), leader of the opposition. The house made little progress on the measure.

### DIE ON A BATTLESHIP

THREE MEN KILLED AND FOUR OTHERS BADLY INJURED ON THE MASSACHUSETTS.

VICTIMS CAUGHT IN A TRAP

BURSTING OF A RUBBER WASHER FILLED THE FIREROOM WITH STEAM AND WATER.

Philadelphia, Dec. 16.—Caught in a trap and helpless to save themselves, three men lost their lives and four others, including Lieutenant William C. Cole, assistant chief engineer, were terribly scalded Thursday by a rush of steam and boiling water in the fireroom of the battleship Massachusetts, lying at the League Island navy yard.  
With the exception of Lieutenant Cole all the killed and injured were residents of Philadelphia. Lieutenant Cole received his injuries in an heroic effort to rescue the others.  
The accident was caused by the giving way of a gasket or rubber washer on a boiler on the starboard side of the ship.  
The Massachusetts has been at the navyyard for some time undergoing extensive repairs, particularly to the boilers and machinery. The boiler on which the accident occurred had recently been cleaned and thoroughly tested and the boiler-makers were Thursday at work on another boiler. Without warning the gasket between the boiler plates and the boiler head gave way and a terrible rush of steam and hot water escaped. The doors of the fireroom were closed at the time the accident occurred and the only avenue of escape was a safety ladder. Only one man, Bramlet, assistant fireman, thought of the ladder and he escaped without a scar. The work of rescue was prompt and to this promptness those who escaped death owe their thanks.  
The first to enter the firehole was Lieutenant Cole. Without hesitating he entered quickly and dragged the men from the place to the door where they were taken in charge by others.

**FOR THE SAKE OF HARMONY.**  
National Chairman Stewart of Prohibition Committee Resigns.  
Chicago, Dec. 16.—After an all-day session of the Prohibition national executive committee, where heated debate varied from personal invective and vilification of motive to a demand for prayer for guidance, National Chairman Oliver W. Stewart of Chicago was at midnight deemed a necessary sacrifice to party harmony and his resignation was practically demanded by a vote of 24 to 20 of the members of the national committee.

With Treasurer Samuel S. Dillie of Michigan, Judge A. A. Stevens of Pennsylvania, and A. G. Wolfenbarger as the leaders of his opponents Stewart fought all day for personal vindication, but his followers were in the minority and the following resolution was adopted at the end of the day:  
"The national executive committee records its opinion that in the conduct of the national campaign, O. W. Stewart has not been guilty of misappropriating to his own use, either as an individual, or as a candidate, any funds of the national committee or of any other dishonest act. But in view of certain controversies and for the sake of harmony we deem it unwise for Mr. Stewart to continue in his present relations to said national committee."

THREE FIRES AT MINNEAPOLIS.

Church, Schoolhouse and Bridge Burn on the Same Day.  
Minneapolis, Dec. 16.—Holy Rosary church, one of the largest Catholic edifices in the West, was partially destroyed by fire Thursday morning. The entire interior of the handsome sandstone structure was burned and only the walls remain. The loss will be in the vicinity of \$65,000.  
Fire also destroyed the interior of the old Lincoln school building on Washington avenue north Thursday. A kindergarten was conducted in the building and through the coolness of the teachers all the children were marched out to safety. The property loss is about \$5,000.  
The Soo line railroad bridge over the Mississippi at Camden place was destroyed by fire shortly after noon Thursday, and the loss to the railroad company will be at least \$17,000.

TWO FISHERMEN DROWNED.

Cause of the Accident in Traverse Bay a Mystery.  
Traverse City, Mich., Dec. 16.—Joseph Bryant and Paul Wiewensky, fishermen, were drowned in the bay Thursday. The two men had gone out to fish in a heavy fog. Several hours later their boat was discovered floating overturned with their fishing apparatus near by. The cause of the accident is a mystery, as the bay was calm all day. The bodies have not been recovered. Wiewensky leaves a widow and ten children and Bryant a widow and seven children.

**Commissioner Ware Retires.**  
Washington, Dec. 16.—Commissioner of Pensions Eugene F. Ware during the day relinquished his official duties here and left for his home in Kansas. Deputy Commissioner J. L. Davenport immediately assumed charge of the pension bureau as acting commissioner and will remain in that office pending the appointment of a permanent successor to Mr. Ware.

**Gardner Defeats O'Keefe.**  
Butte, Mont., Dec. 16.—Jimmy Gardner of Lowell, Mass., defeated Jack O'Keefe of Chicago here Thursday night in eleven rounds of what was to have been a twenty-round contest. When the gong sounded for the twelfth round O'Keefe's seconds threw up the sponge.
